OSCAR FURNITURE

COMPANY PROFILE

The capability behind your next project.

Furniture manufacturing & supply for projects in Egypt

2026 / EN

01 / OSCAR AT A GLANCE

Expertise that comes together. Your project in focus.

Oscar is an Egyptian furniture manufacturer and supplier. We manufacture outdoor, indoor and office furniture and kitchen cabinetry, complemented by sourced office chairs and decor. We serve project owners, hotels, resorts, restaurants and companies, working with architects, design studios and contractors on specifications and production options.

Every project begins with its use, space and quantities. We review drawings, materials and samples, then document the manufacturing and supply scope, delivery schedule and commercial terms before production starts.

02 / OPERATIONAL CAPACITY

An integrated team.
The capacity to deliver.

700–1,000

furniture pieces per month

An indicative average across product types; varies with design, materials and order scope.

≈277

people across the business

An approximate team across manufacturing, design, quality, sales and operations.

2–5

working days for a quotation

After receiving and reviewing quantities, drawings and specifications; subject to complexity.

Design & manufacturing

Design, model development, production, assembly and finishing, with quality supervision of materials and manufacturing stages.

Supply & operations

Purchasing, supplier coordination, warehousing, shipping and installation, supported by HR, accounts and finance.

Customer & project support

Sales, customer service and after-sales coordination, supported by marketing, content, photography and website teams.

03 / MANUFACTURING & SUPPLY

Outdoor furniture

Manufactured

Photograph from Oscar's project portfolio

Seating, tables, chairs and daybeds for open spaces, with aluminum, metal, rope, rattan and timber options specified for the intended use.

Hotels & resorts · Poolside areas · Terraces & clubs

04 / SECTORS WE SERVE

Different spaces. Understood requirements.

01

Hotels & resorts

Furniture for hospitality, outdoor seating and relaxation areas, with materials and quantities reviewed for the intended use.

02

Restaurants & cafés

Tables, chairs and indoor and outdoor seating, with dimensions and layouts suited to the space and its identity.

03

Companies & workplaces

Desks, workstations, meeting, reception and storage furniture, coordinating manufactured items and sourced chairs.

04

Designers & contractors

Review of drawings, bills of quantities and specifications, with customization, samples and feasibility assessed before approval.

Start by sharing your project brief

05 / MATERIALS, DIMENSIONS & FINISHES

Details shaped around the way you use a space.

We assess drawings, dimensions, materials and colors for feasibility, then agree the details and any required samples before final approval and production.

Melamine samples

Rattan samples

Outdoor fabric samples

Duck canvas samples

Materials, colors, finishes and samples are reviewed for the intended environment. Final specifications are recorded in the project scope before production.

Explore the material and color library

06 / QUALITY

Quality starts before the first piece.

01 A clear specification

Review of use, dimensions, materials, color and finish. Drawings, samples and customization are assessed for technical feasibility before approval.

02 Production-stage checks

Review of materials and products through manufacturing, assembly and finishing, against the agreed specifications.

03 Pre-delivery review

Checking products against the approved scope and defining preparation, transport, installation and item-specific warranty requirements.

07 / QUALITY DOCUMENTATION

ISO 9001:2015

Scope: Manufacturing and supplying rattan chairs and their accessories.

11 / DELIVERY

From our factory to your project.

Within Egypt

We arrange delivery across Egypt or collection from the factory. Transport costs, site access, lifting, installation requirements and delivery dates are defined in the project agreement.

For orders destined outside Egypt

For orders destined outside Egypt, collection is from the factory and the buyer arranges transport and international shipping. Oscar does not currently provide international shipping or export services.

Production and delivery timing is agreed after reviewing the furniture, quantities and specifications and confirming the order.

12 / BEFORE THE PROJECT STARTS

The details to help you plan with confidence.

What should we send for a quotation?

An item and quantity list, drawings or dimensions, preferred materials and specifications where available, plus the project location and target date. You can start the conversation before every detail is finalized.

How long does a quotation take?

Typically two to five working days after receiving and reviewing the quantities, drawings and specifications. Timing depends on project scope and complexity.

Can you manufacture to our drawings?

We assess drawings, dimensions, materials and colors for feasibility, then agree the details and any required samples before final approval and production.

What are the minimum order and lead time?

Both depend on the product, specification, quantity and project. The production and delivery schedule is agreed after order confirmation; there is no single quantity or lead time for all products.

How are payment and quotation validity defined?

Payment terms and the deposit are agreed according to order value and project requirements. Price validity, scope, transport costs and additional requirements are stated in the quotation.

What warranty and after-sales support apply?

Warranty follows the policy and conditions applicable to each product and material. The after-sales team follows up on reported issues and coordinates maintenance and warranty services under the agreement.
